## Job Description:

- We are seeking a highly skilled and experienced Data Engineering Lead to join our team.
- The ideal candidate will have a strong background in data engineering, data architecture, and team leadership.
- As a Data Engineering Lead, you will be responsible for overseeing the design, development, and maintenance of our data infrastructure, ensuring data integrity, and leading a team of talented data engineers.

## Job Responsibilities

- Lead and mentor a team of data engineers, providing technical guidance and support.
- Design, develop, and optimize scalable data pipelines and workflows.
- Ensure data quality, integrity, and security across all data processes.
- Collaborate with cross-functional teams to understand data requirements and deliver solutions.

- Develop and maintain data models, data warehouses, and databases.
- Implement best practices for data management, governance, and compliance.
- Monitor and troubleshoot data pipeline performance and reliability.  
Stay up-to-date with the latest trends and technologies in data engineering and analytics.

### **Requirements & Qualifications:**

- Bachelor's or Master's degree in Computer Science, Engineering, or a related field.
- Minimum proven experience of 6 years as a Senior Data Engineer or in a similar role.
- Strong expertise in data engineering tools and technologies (e.g., SQL, Python, Spark, Kafka, etc.).
- Experience with cloud platforms (e.g., AWS, Google Cloud, Azure) and big data technologies.
- Proficient in data modelling, ETL processes, and data warehousing.
- Excellent problem-solving skills and attention to detail.
- Strong technical leadership and communication skills.  
Ability to work collaboratively in a fast-paced, dynamic environment.

C5i is proud to be an equal opportunity employer. We are committed to equal employment opportunity regardless of race, color, religion, sex, sexual orientation, age, marital status, disability, gender identity, etc. If you have a disability or special need that requires accommodation, please keep us informed about the same at the hiring stages for us to factor necessary accommodations.
