Overview

C5i

C5i is a pure-play AI & Analytics provider that combines the power of human perspective with AI technology to deliver trustworthy intelligence. The company drives value through a comprehensive solution set, integrating multifunctional teams that have technical and business domain expertise with a robust suite of products, solutions, and accelerators tailored for various horizontal and industry-specific use cases. At the core, C5i's focus is to deliver business impact at speed and scale by driving adoption of AI-assisted decision-making.

C5i caters to some of the world's largest enterprises, including many Fortune 500 companies. The company's clients span Technology, Media, and Telecom (TMT), Pharma & Lifesciences, CPG, Retail, Banking, and other sectors. C5i has been recognized by leading industry analysts like Gartner and Forrester for its Analytics and AI capabilities and proprietary AI-based platforms.

Job Responsibilities

We are seeking a highly skilled Quality Assurance / Testing Specialist with expertise in Trade Finance and Intellect Global Transaction Banking to join our team in Dubai. The ideal candidate will have a strong background in software testing, excellent analytical skills, and the ability to work collaboratively in a fast-paced environment.

- Review and analyze system specifications and requirements.
- Develop and execute test plans, test cases, and test scripts (manual and automated).
- Perform functional, regression, and integration testing.
- Identify, document, and report bugs and errors to development teams.
- Collaborate with developers and other QA engineers to ensure high-quality software delivery.

- Conduct post-release and post-implementation testing.
 - Ensure compliance with industry standards and best practices.
 - Provide feedback and recommendations for process improvements.
-
- Stay updated with the latest testing tools and methodologies.

Requirements & Qualifications:

- 7+ years of experience in Quality Assurance Tester
- Strong knowledge of Finastra Trade and IGTB (Intellect Global Transaction Banking) systems.
- Proficiency in manual and automated testing.
- Strong knowledge of API and performance testing tools.
- Familiarity with Agile frameworks and regression testing.
- Experience with test management software and SQL.
- Excellent communication and problem-solving skills.
- Attention to detail and strong organizational skills.
- Bachelor's degree in Computer Science, Engineering, or a related field.

Preferred Qualifications:

- Experience in project management and QA methodology.
- Knowledge of trade finance and banking systems.
- Ability to work independently and as part of a team.
- Certification in Quality Assurance or related field is a plus.
